

EASY X-TRAC[®] System

Minimally Invasive Extractions
to preserve the AESTHETIC ZONE

You Spoke, and We Listened!

This innovative extraction device remains #1 in preserving bone and tissue, ***but we've made it even better!***

1. A new 36mm-long screw to reach the deepest roots.

= more success

2. A re-customized tray that keeps everything together during sterilization.

= more convenience

3. A sleek new design of the X-tractor.

= more comfort
